Dear Information Specialist:

As the central research administration office at North Dakota State University, we maintain files on many different corporate and foundation sources and professional organizations for potential funding of research and service projects done by the university.

I would like to request a copy of your latest annual report, if possible, as well as any grant guidelines or application forms you may have available. If you have a listing of recent grants awarded, we would appreciate receiving that information also.

In addition, if possible, please keep us on your mailing list for future announcements.

For your convenience, I have enclosed a self-addressed mailing label.

Thank you for your consideration of this request.

Sincerely,

Kay Sizer
Research Resources Coordinator
